Fresh from Our Farms to Your Table

NATURE HOUSE

At Nature House, we believe that fresh food is the foundation of a healthy life. Based in Riyadh, Saudi Arabia, we are a leading supplier of farm-fresh fruits and vegetables, grown with care and delivered with commitment.

From our humble beginnings as a local produce supplier, we have grown into a trusted brand known for quality, consistency, and honesty. What makes us unique is that we don't just sell fresh produce — we grow it ourselves.

Our farms in Riyadh Al-Kharj, Hail, and Dammam supply a wide range of seasonal vegetables and fruits to companies, hospitals, markets, restaurants, retailers and homes across the Kingdom.

Every crop is nurtured using modern agricultural methods combined with the wisdom of natural farming. The result — clean, chemical-free, nutrient-rich produce you can trust.

Pure taste, honest farming.
